## CHAPEL MAUSOLEUM CONSTRUCTION UPDATE

Construction on the chapel mausoleum is approximately 95% complete. Electrical, carpeting and landscaping work still needs to be completed. A six-foot wood fence will be installed to line the rear of the mausoleum. A dedication ceremony is being planned for March 2009. More information will be available in the next newsletter. If you are interested in purchasing a crypt or niche during the discount construction period, please contact Jan Purcell, Sales and Marketing Manager, at 757-406-3965.

## REMOVAL OF MAGNOLIA TREES

Due to the cleanup requirements of excessive leaves and tree limbs that accumulate on the grounds and along the roadways, the cemetery board approved the removal of 7 of the 14 magnolia trees that line the north driveway. Plans are to plant other trees in the area that are more cemetery friendly." If you have any suggestions, please contact Jim Fitzpatrick at 757-482-9121.

## VANDALISM

Over the last several months, there have been reported cases of vandalism involving the garden mausoleum and the votive candles. The Norfolk Police Department has increased patrols throughout the cemetery. While visiting, if you notice any suspicious persons or activity, please notify Alesia in the cemetery office.

## COMPUTERIZED RECORDS

Thanks to volunteer Donna Bluemink and the JSGenWeb Archives, St. Mary's Cemetery burial records are now in a computer database. Anyone with internet access can search the database by name for interment, entombment or inurnment information. The database includes burial locations as well as pictures of the deceased monument and/or headstone.
